

PURPOSE

This policy provides guidelines for the selection of regular, substitute and guest teachers for the adult fellowship groups operating within the church.

POLICY

1. All regular teachers for adult fellowships shall be members (or in the membership process) of the church. They shall be selected by members of the fellowship and shall be approved by both the corresponding lifestage pastor and the Christian Education Board.
2. Substitute teachers shall also be members of the church unless approved in advance by the corresponding lifestage pastor.
3. Guest speakers may be invited to teach from time to time. Members or regular attendees of the fellowship may be invited to speak by the regular teacher at his discretion. Speakers from outside the church must be approved in advance by the fellowship leadership team and the corresponding lifestage pastor.

POLICY MAINTENANCE

The Christian Education Board has the responsibility for the initiation, update and implementation of this policy; the senior pastor's office has the responsibility for the publication and distribution of this policy.
